

Om Valanju

Software Engineer with 3+ years of experience in developing internal tools, building robust automation frameworks, and optimizing CI/CD pipelines. Skilled in Java, TypeScript, Docker, and GitLab CI/CD with a passion for creating reliable and scalable software systems. Eager to leverage a strong background in software quality to excel in Software Development, DevOps, or SDET.

Relevant Work Experience

Test Automation Engineer (Working Student)

[I&I Mail & Media](#)

Feb 2025 – Present

- Designed and deployed internal **Spring Boot microservices** (e.g., User Management Service to isolate test logins, Test Data Generator for synthetic data) – reducing flaky tests and enabling reliable automation at scale.
- Enhanced **GitLab CI/CD pipelines** and integrated **Allure** for automated reporting.
- Built **reusable testing library (TypeScript, POM)**, adopted by multiple teams.
- Increased **test coverage by 25%** by developing E2E and API automation for registration workflows.
- Supported the **defect lifecycle in Jira**, driving a **99% resolution rate** through close collaboration with developers.

QA Automation Engineer

[Capgemini India](#)

May 2021 – Sep 2024

- Automated **450+ test cases** for complex transaction-driven Point of Sale (POS) systems, safeguarding critical user workflows across **25+ major releases**.
- Boosted regression suite efficiency, raising **execution pass rates from 70% to 90%** through optimization of legacy tests and improved test data management.
- Deployed **Robotic Process Automation (RPA)** solutions with Power Automate, cutting manual efforts workload by **10+ hours weekly**.
- Introduced **Git-based version control** for test scripts and integrated QA processes into Agile ceremonies, strengthening collaboration with development teams.
- Authored **high-coverage test cases** with full requirements traceability, and partnered with developers on root cause analysis to accelerate defect resolution.

Education

Masters of Science in Applied Computer Science

Oct 2024 – Sep 2026

[SRH Hochschule Heidelberg](#)

Bachelors of Technology in Mechanical Engineering

Sep 2016 – May 2019

[Manipal Institute of Technology](#)

+49 155 10820339

Skills &

Competencies

Programming & Scripting:

Python, Java, TypeScript

Software Development:

REST APIs, Microservices

Architecture, Spring Boot,

Object-Oriented

Programming (OOP)

Test Automation:

Selenium,

Playwright, Robot

Framework, REST Assured,

PyTest

CI/CD & DevOps:

GitLab

CI/CD, Jenkins, Docker,

Maven, Gradle

Tools & Frameworks:

Postman, TestRail, Jira,

Allure, Power Automate,

Test Data Generators

Operating Systems &

Shells: Linux, Windows,

Bash, PowerShell, CMD

Databases:

MySQL,

PostgreSQL

Cloud Platforms:

Azure,

AWS

Version Control & IDEs:

Git,

GitHub, IntelliJ IDEA, VS

Code

Languages

English: C1 (Fluent)

German: A1 (Beginner)

Interests

Automation, Embedded

Systems, Books, Formula 1,

Video Games
